Screen-Kut, Smooth-Kut and Wet-Cut Sanding Products

Screen-Kut Mesh

This bias-cut, open mesh design screen features a more uniform weave for better finishing. The screen can be used on both sides and lasts 10 times longer than paper. The 4 3/16" x 11" sheets actually measure 11 1/4" in length for improved mounting on pole sanders.

Wet-Kut Waterproof Cloth

100 percent waterproof, this strong J-weight cloth is the same material that is used to make "denim" type jeans, thereby giving it unsurpassed durability in the abrasive field. It is ideal for "wet sanding" and can be washed off if loading occurs. The 3 5/16" x 12" sheets fit sanders without trimming, and easily mount on pole and hand sanders.
